

§ 363.43

31 CFR Ch. II (7–1–13 Edition)

§ 363.43 What are the procedures for certifying my signature on an offline application for a TreasuryDirect® account, or on an offline transaction form?

(a) *Certification within the United States.* For certifications within the United States, the certifying individual must be authorized to bind his or her institution by his or her acts, to guarantee signatures to assignments of securities, or to certify assignments of securities. The following table provides a list of authorized certifying individuals and the required evidence of authority. Members of Treasury-recognized signature guarantee programs are for security transfers only.

Who can certify signatures in the U.S.	Evidence of certifying individual's authority
(1) Officers and employees of depository institutions.	(i) We require the institution's seal or signature guarantee stamp. (ii) If the institution is an authorized paying agent for U.S. Savings Bonds, we require a legible imprint of the paying agent's stamp.
(2) Institutions that are members of Treasury—recognized signature guarantee programs (for security transfers only).	We require the imprint of the signature guarantee stamp, i.e., the STAMP, SEMP, or MSP stamp for members of the Securities Transfer Agents Medallion Program, the Stock Exchanges Medallion Program, or the New York Stock Exchange Inc. Medallion Signature Program.
(3) Officers and employees of corporate central credit unions, Federal Land Banks, Federal Intermediate Credit Banks and Banks for Cooperatives, the Central Bank for Cooperatives, and Federal Home Loan Banks.	We require the entity's seal.
(4) Commissioned or warrant officers of the United States Armed Forces, for signatures executed by Armed Forces personnel, civilian field employees, and members of their families.	(i) We require a statement that the person executing the assignment is one whose signature the officer is authorized to certify under our regulations. (ii) The certifying official's rank must be shown.
(5) A judge or clerk of the court.	We require the seal of the court.
(6) Other persons as designated by the Commissioner or Deputy Commissioner of Public Debt.	Evidence is determined by our procedures.

(b) *Certification within foreign countries.* The following table lists the authorized certifying individuals for foreign

countries and the required evidence of the individual's authority.

Who can certify signatures in foreign countries	Evidence of certifying individual's authority
(1) United States diplomatic or consular officials.	(i) We require the seal or stamp of the office. (ii) If there is no seal or stamp, then we require certification by some other authorized individual, under seal or stamp.
(2) Managers and officers of foreign branches of U.S. depository institutions and institutions that are members of Treasury-recognized signature guarantee programs (for security transfers only).	We require the seal of the depository institution, or the imprint of the signature guarantee stamp, i.e., the STAMP, SEMP, or MSP stamp for members of the Securities Transfer Agents Medallion Program, the Stock Exchanges Medallion Program, or the New York Stock Exchange Incorporated Medallion Signature Program.
(3) Notaries Public and other officers authorized to administer oaths, provided their authority is certified by a United States diplomatic or consular official.	(i) We require the official seal or stamp of the office. (ii) If there is no seal or stamp, the position must be certified by some other authorized individual, under seal or stamp, or otherwise proved to our satisfaction.

(c) *Duties and liabilities of certifying individuals.* (1) The certifying individual must first establish the identity of the signer.

(2) The form must be signed in the presence of the certifying individual.

(3) If the certifying individual is not an officer, the certifying individual must insert the words "Authorized Signature" in the space provided for the title.

(4) If the certifying individual is negligent in making the certification, the certifying individual and his or her organization are jointly and severally liable for any loss the United States may incur as a result of the negligence.

(d) *Guaranteed signatures.* (1) A security or other form requiring certification need not be executed in the presence of a certifying individual if the signature is unconditionally guaranteed by the certifying individual. To guarantee a signature, the certifying individual must add a dated endorsement after the signature. For example:

Signature guaranteed, First National Bank of Smithville, Smithville, NH, by A. B. Doe, President, dated 1/1/2001.

(2) The certifying individual and his or her organization unconditionally

guarantee to us that the signature is genuine and the signer had the legal capacity to execute the assignment or related form.

(e) *Guaranteed absence of a signature.*

(1) A form requiring a certified signature need not be signed when a certifying individual associated with a depository financial institution places the following endorsement on the security or the form:

Absence of signature by owner and validity of transaction guaranteed, Second State Bank of Jonesville, NC, by B. R. Butler, Vice President, dated 11/1/2001.

(2) The endorsement must be dated and the seal of the institution must be added.

(3) This form of endorsement is an unconditional guarantee to us that the institution is acting for the signer under proper authorization.

(f) *Persons who cannot act as certifying individuals.* Any person having an interest in a security involved in the transaction cannot act as a certifying individual. However, an authorized officer or employee of a depository financial institution that is a member of a Treasury-recognized signature guarantee program can act as a certifying individual for transfer of a security to the institution or on behalf of the institution.

§ 363.44 What happens when a TreasuryDirect® account owner dies and the estate is entitled to securities held in the account?

(a) *Estate is being administered.* For an estate that is being administered, the legal representative of the estate must open a TreasuryDirect account in the name of the estate in order to conduct transactions. The legal representative of the estate may then conduct any transactions that are available to an individual account owner. We will require appropriate proof of appointment for the legal representative of the estate. Letters of appointment must be dated not more than one year prior to the date of submission of the letters of appointment.

(b) *Estate has been settled previously.* If the estate has been settled previously through judicial proceedings, the per-

sons entitled may request payment of securities, if the securities are eligible for redemption, or may transfer the securities to the TreasuryDirect accounts of the persons entitled, if the securities are eligible for transfer. We will require a certified copy of the court-approved final accounting for the estate, the court's decree of distribution, or other appropriate evidence. If payment is requested, we will require ACH instructions to process the request.

(c) *Special provisions under the law of the jurisdiction of the decedent's domicile.* If there is no formal or regular administration and no representative of the estate is to be appointed, the person appointed to receive or distribute the assets of a decedent's estate without regular administration under summary or small estates procedures under applicable local law may request payment of securities, if the securities are eligible for redemption, or may transfer the securities to or on behalf of the persons entitled by the law of the jurisdiction in which the decedent was domiciled at the date of death, if the securities are eligible for transfer. We will require appropriate evidence. If payment is requested, we will require ACH instructions to process the request.

(d) *When administration is required.* If the total redemption value of the Treasury securities and undelivered payments, if any, held directly on our records that are the property of the decedent's estate is greater than \$100,000, administration of the decedent's estate will be required. The redemption value of savings bonds and the principal amount of marketable securities will be used to determine the value of securities, and will be determined as of the date of death. Administration may also be required at the discretion of the Department for any case.

(e) *Voluntary representative for small estates that are not being otherwise administered—*(1) *General.* A voluntary representative is a person qualified according to paragraph (e)(3) of this section, to redeem or transfer a decedent's securities. The voluntary representative procedures are for the convenience of the Department; entitlement to the decedent's securities and held payments, if any, is determined by the law
